

Section 2. Math for Deep Learning

Topics You will Learn

2.1. Why Math Matters for Deep Learning

2.2. Scalars, Vectors, Matrices, & Tensors

2.3. Matrix Operations in Neural Networks

2.4. Functions, Derivatives & Partial Derivatives

2.5. Gradients and the Chain Rule

2.6. Gradient Descent

2.7. Probability Essentials for DL

2.8. Linear Algebra: Hands-On

2.9. Calculus: Hands-On

2.10. Probability: Hands-On
